Sir,

Sub:- Central Jail,Bellary - Superintendent's quarters - Telephone - extension of

The Superintendent's quarters at the Central Jail,Bellary is situated about six furlongs off from the jail and is not connected by phone. In case of emergency and for quick communication with other officers in the town and elsewhere I consider it necessary and very urgent that the present telephonic connection in the Central Jail should be extended to the Superintendent's quarters. Early orders are solicited.

No.116/A3/47. Dated 5th July 1947.

Sir,

Sub: Telephones - Muffasal - Central Jail, Bellary extension connection to the Superintendent's quarters - Provision of.

Ref: Government Memo.No.2353/47-1, dated 27-6-47.

In all the Central Jails except, Bellary, Salem and Madura, telephone connections exist in the residence of the Superintendent. Information regarding the number and date of G.Os. sanctioning the installation has been called for from the jails where telephone has already been installed and a further report will follow.

2/ In case of emergency or of any serious occurences that are common in jails it will be dangerous if the Superintendent's orders or his presence in the jail could not be readily obtained with the least possible delay.

3/ I therefore solicit early orders in respect of the Central Jail, Bellary and request for the same reasons the installation of phone connection in the residence of the Superintendents, Central Jails, Salem and Madura may also be sanctioned.

Submitted.

D.S.'s query on page 1 ante: The Inspector-General of Prisons has originally proposed the installation of a residential telephone to the Superintendent, ~~of the~~ Central Jail, Bellary whose residence is located at a distance of six furlongs from the Central Jail. He has requested early orders in this regard. The original intention ~~was~~ to take up the question of providing residential telephones to the Superintendents of the Central Jails at Madura and Salem separately on receipt of the further information promised by the Inspector General at "A" on page 5 c.f. The I.G.'s proposal in para 3 of his letter at page 5 c.f. seems to be only casual. If however D.S. considers that the question of providing residential connections to the Superintendents of all the three Jails should be considered at the same time, this may lie over till the further information referred to at "K" above is received. Sub: Telephones - Mufassal - Central Jail, Bellary - New telephone connection to the Superintendent's quarters from the exchange-sanction-Requested.

Ref: G.O.No.Ms.2304, Public(Military)Department, dated 25-7-1947.

In the G.O., cited above, the Government sanctioned the installation of an extension telephone in the quarters of the Superintendent, Central Jail, Bellary, from the main telephone installed in the Central Jail, Bellary. The Sub Divisional Officer, Telegraphs, Bellary, reports that the special type switch required for giving the extension is not available in stock at present. However he has offerred other choices for selection as follows:-

(1) Extension without inter-communication facilites.
(2) Extension with inter-communication facilities.
(3) New connection from the exchange.

The Superintendent, Central Jail, Bellary, prefers a new connection from the exchange, as the other two choices are not suitable. I enclose a copy of letter No.G/2655/47, dated 13-10-47 from the Superintendent, Central Jail, Bellary, together with a copy of letter of the Sub Divisional Officer, Telegraphs, Bellary, referred to therein. In the circumstances explained by the Superintendent, I request the Government to sanction the provision of a new telephone connection from the exchange. The annual rent for this is reported to be Rs.252/

Sub: Central Jail, Bellary - Mufassal - Extension of telephone in the quarters of the Superintendent- Installation of - Information reported.

I am forwarding herewith a copy of the letter No.P.14/63, dated 6-10-1947 of the Sub-Divisional Officer, Telegraphs, Bellary to my reference for providing extension of telephone to the Superintendent's quarters.

2/In the circumstances explained, I request that the Inspector-General of Prisons may address Government for orders to provide a new connection from the Exchange as the other two choices are not workable and the extensions offered in choices No.1 and 2 do not suit the puppose for which the telephone connection was asked for. No.1 does not provide facility of inter-communication between bungalow and the jail.

P.T.O.

No.2 although provides inter-communication between jail & bungalow, I should be dependent on a third party which is not suitable from the Administrative point of view, since there will be over hearing and further the line has to be kept open by that party till the communication is over.

Copy of the letter No.P.14/63, dated 6-10-1947 of the Sub-Divisional Officer, Telegraphs, Bellary to the Superintendent, Central Jail, Bellary.

Sub: Telephone connection.

The Special type switch required for giving the extnsion applied for by you for phone No.25 - Central Jail, it is regretted, is not available in stock at present. However, other choices are offered for your selection.

An early reply is requested.

1. Extension without inter-communication facilities:-
An extension switch will be installed at the jail. If this switch is in the 'A' position, then the jail is in touch with the exchange.

If the switch is in 'B' position, then the bungalow will be in touch with the exchange.

(Note:- Jail and bungalow cannot be joined together). If this is taken it is suggested an extra bell should also be taken so that the jail will be 'Callable' even when the switch is put to 'B'.

| | | | |
|---|---|---|---|
| Annual Rent:- | For telephone and switch | 54/- | Rs.say 108/- |
| | Extra bell. | 18/- | |
| | For every half mile of line routing by actual route. | | |
| | (Supposing this is 0-48) | Rs.36/- | |

2. Extension with inter communication facilities with or without switch. In this system, intercommunication between the jail and the Bungalow is possible but rather inconvenient as a third party will have to come on the line.

| | | | |
|---|---|---|---|
| Annual Rent. | Telephone. | ..Rs.90/- | Say Rs.126/- |
| | Every half mile of line route etc., | | |
| | (if this is 0-48 mile) | ..Rs.36/. | |

3. A new connection from the Exchange Annual Rent. Rs.252/-

From the letter dated 6-10-1947 of the Sub-Divisional Officer, Telegraphs, Bellary, copy of which was enclosed with the letter second cited, it is stated that by keeping the extension switch in the 'B' position and by taking an extra bell, it will be possible to keep the bungalow quarters of the Superintendent, Central Jail, Bellary in touch with the exchange in the Central-Jail, Bellary and at making at the same time the Central-Jail also "Callable". From the letter dated 6-10-47 of the Sub Divisional Officer, Telegraphs, Bellary, copy submitted to Government with my letter No.116-A3-47, dated 17-10-47, it will be seen in choice No.(1) Note thereunder that the jail and the Superintendent's bungalow cannot be joined together. The extra bell is only intended for the jail to be "Callable" from outside even if the switch is put to "B" position, but it has no connection with the bungalow. Further, if the switch goes out of order, the jail and the bungalow will be cut off. I therefore consider that a seperate connection from the exchange is essential.
